

## **HEAD OF SCHOOL**

Kathy Packer is AMS Certified as well as nature certified to teach children ages 2.5-6 years of age. She has a master's degree in education.

Montessori education is an approach characterized by an emphasis on independence, freedom within limits, and respect for a child's natural psychological, physical, and social development.

Montessori  
Family Co-Op**

"Free a child's potential-and you will transform him into the world."

## Our Vision

Our mission is to use authentic Montessori practices to do what is best for your child in all areas of development including:

Intellectual

Emotional

Physical

Social

Spiritual

**"The hand is  
the instrument  
of the mind."**

DR MARIA MONTESSORI

## Why Register

Children learn by absorbing information from their environments. When introduced to and given the opportunity to experiment with the proper materials, children will learn on their own. Montessori teachers observe the child and guide them, one on one, to an appropriate end. A child learns at his/her own pace and is not held back by other children or by fear of failure. Montessori classrooms are a peaceful place that inspires creativity. Children learn faster and are more confident about what they have learned.

## Our Program

As a family co-op, we offer preschool and kindergarten for your child. Our focus is on children 2.5 to 6 years of age, but younger or older children are welcome if accompanied by a parent. We offer half day morning classes.

If you are interested in being a classroom mentor or specialist, we offer a discount on your child's tuition, as well as assist you in learning the Montessori Method. Please contact us if interested in enrolling your child and/or being a mentor.

Authentic Montessori curriculum includes practical life, sensorial, language development, mathematics, science, and geography. In addition, we offer music, art, foreign language, and movement. Playtime is also an important part of a child's physical and emotional development.
